JUICE SHOP CREATIVE

OTHER

MUSIC SOURCING - 1x TRACK - \$45

We research royalty-free music to match the best audio to your project, so sound and vision work together to add emotional depth, without clearance issues. Offered as an add-on alongside either service.

ORIGINAL MUSIC \$150/hr

Original music composed specifically for your film, brand, or project, tailored to tone, pacing, and message rather than pulled from a stock library. With 30 years' experience as a published, signed composer, Carla brings a level of craft and industry grounding that's rare in a studio this size, and clients get a score built around their story, not a generic backing track. Get in touch.

BESPOKE PROJECTS - \$75/hr

Whether you're an artist or entrepreneur, we help bring your creative vision to life; from single pieces like **posters** and **album artwork** to **full editorial** and **brand campaigns**, and just about anything you can print. Send us an email with your ideas.

CREATIVE BOUNCE SESSION - \$100

One-hour one-on-one to learn about your brand, bounce ideas around, understand your goals and bring clarity to what's needed *now*, so you can get started!

Need something else? We are open to most things. Get in touch.
